

CENTRE FOR THE HUMANITIES AND MEDICINE  
THE UNIVERSITY OF HONG KONG

**Science, Technology, and Medicine Research Seminars**

Welcome to the CHM Science, Technology, and Medicine Research Seminars. These are intended to be small, informal gatherings, where researchers have the opportunity to discuss papers, chapters, books, as well as topical issues and personal research. The aim is to provide a friendly forum to debate and test new ideas, with a particular emphasis on cross-disciplinary approaches.

Please feel free to make suggestions for discussion topics or presentations. If you know of anyone who might be interested in joining the seminars, please let us know and we will add them to the list. Contact: Dr. Ria Sinha at [riasinha@hku.hk](mailto:riasinha@hku.hk) or on 3917 7309 for more details and changes to the schedule.
